Hi!

We think about you often and pray you are free of pain and worry. I am happy the Memphis Grand Jury partially vendicated your work for James Earl.

Meanwhile, I still get annoyed to pick up new books and see my name and subsequent misquotes. In fact, I am quoted by people to whom I have never spoken and of words I have never said.

Mary had a rough summer but is doing much better now. I am still working Tuesday through Saturday nights. I don't need the money as much as I need the medical benefits.

Take care,
Lonnie

Holiday greetings and best wishes for a bright and wonderful new year!
